

ARFF Services

Vehicle Type: **ULFV Mk 8**

Equipment Number: **Multiple**

Colour Comparison Report

Location: **Wels Airport (Austria) and Gold Coast (Australia)**

Date of Report: **28 November, 2008**

This report represents pictorially the variance between the old Red and new Yellowish-Green colour schemes.

The first photos are the new CA7 Rosenbauer Panther (red / grey) and our Rosenbauer Panther 6x6 sWB (yellowish green) – these photos were taken at Wels Airport (Austria) on Thursday 13 November 2008. The conditions were light drizzle and ambient temperature of 2° C.

Neither vehicle is fitted with any conspicuity markings (hi-viz reflective decals).
